

# 2019 Spring Plant Sale

**April 6, 2019**

**10 am to 2 pm**

**McFarlane Nature Park**

**(Marietta)**

We have over 3000 plants lined up for the sale on Saturday, April 6, 2019 from 10 am to 2 pm. Some plants will be available in quantity, some may be single items only and others may be surprises from member donations (some arriving only the day before).

This list represents only those items for which we feel there will be sufficient quantities to reliably advertise them as being there. Still, for best selection, we recommend that you get there when the sale starts. The sale area will be divided into areas like Trees/Shrubs, Azaleas, Sun Perennials, Shade Perennials, Vines. We will have over 400 native azaleas and they will have their own section until they sell out (sometimes by noon).

Remember, **this is only a partial list**. We encourage you to come see what unique and special items didn't make the list!

## **Trees/Shrubs**

<i>Aesculus pavia</i>	red buckeye

<i>Lonicera sempervirens</i>	coral honeysuckle - our plant of the year for 2019
------------------------------	--

And limited quantities of other vines ~

Need help making your choices? We'll have volunteers on hand to talk about the plants and what might work best for you, plus most plants will have an informative sign with picture.

**Tip:** Most shade plants can handle up to 4 hours of morning sun (before noon). For hot afternoon sun, choose sun-loving plants.
