

# Members of Coastal Plain Chapter of GNPS

*If you have information to include in our monthly email, please send it to me at [heather.brasell@gnps.org](mailto:heather.brasell@gnps.org) at least a week ahead of the coming month.*

[Note: Items in italics are things you can do.]

## Coming Events (May & June ...)

No events have been planned through the end of June due to COVID-19. Fortunately, we can enjoy being outdoors to enjoy our native plants and still practice appropriate physical distancing. I hope you are all finding ways to do this even though we can't organize big events.

### **Save the Date for Annual Meeting:**

Mary Alice Applegate has been working on an exciting program for our annual meeting. Fall meeting tentatively (depending on COVID-19 situation) will be held at the **Midway Museum on Saturday, November 7.**

## Ongoing CPC Activities

### **CPC Plant Sales & Updated Plant List:**

Amy Heidt has been organizing on-line sales with pick up or delivery with no human contact. Payments are made ahead of time by Paypal or moneyorder (avoid cash). She will arrange to deliver (with a mileage fee) or pick up at a prearranged time and place.

The first round of sales has gone very well. People have been quite cooperative with the unique ordering, payment and pick-up arrangements. Many thanks to all who ordered for their patience and understanding.

The updated list of what plants are available in Tifton is appended to this email. The new plant list has several new plants added and several of the original have been removed due to sales. Thanks to chapter members who have helped by growing and donating plants. They have made our selections more diverse and landscape friendly as well and making Amy's job easier.

- *To purchase plants and for all questions related to these plants for sale, please contact Amy Heidt at [ameidty@bellsouth.net](mailto:ameidty@bellsouth.net).*
- *If you know of additional people to be added to our mail list, contact Amy Heidt at [ameidty@bellsouth.net](mailto:ameidty@bellsouth.net).*

### **CPC Plant Rescues:**

Amy Heidt, Paul Sumner and I conducted a pop-up plant rescue on a property in Alapaha where plants were threatened by imminent forest operations. We focused on four species: sassafras /

*Sassafras albidum*, passionflower / *Passiflora incarnata*, American wisteria / *Wisteria frutescens* and groundnut / *Apios americana*. We wanted to make sure the plants survived, so we brought potting mix and pots. We potted them up in the field and watered them as soon as possible. These plants will be used for conservation projects and future plant sales.

We can plan additional plant rescues, so keep an eye out for possible sites. *If you know of a place where we could do a plant rescue, contact Karan Rawlins at [krawlins@uga.edu](mailto:krawlins@uga.edu)*

**CPC Facebook:**

Paul Sumner has been posting information about CPC events on our Facebook page. *If you have information you'd like to post, send it to Paul Sumner at [psum@bellsouth.net](mailto:psum@bellsouth.net).*

**Community Projects:**

Amy Heidt, Karan Rawlins and Paul Sumner helped DNR's Jacob Thompson re-caging a rare lily on DNR property in the Coastal Plain. The cages help protect the plants from predation and damage. Also, Amy provided Jacob with about 30 *Sarracenia flava* (yellow pitcher plants) for planting in a state park near Okefenokee swamp. These plants join some *Sarracenia minor* planted there about three years ago. These are great examples of CPC members giving plants they have grown as well as time/labor in planting them in order--all to help state conservation efforts with no "reward" other than helping native plant populations.

Individual outdoor projects may not pose a problem for reducing transmission of COVID-19. *Consider starting an individual project of your own, but keep us posted on what you are doing.*

**Current Coastal Plain Chapter (CPC) Board**

- President: Heather Brasell – also member of GNPS Conservation Committee
- Vice President: Mary Alice Applegate – also member of GNPS Membership Committee and Representative for Central CPC
- Past President: Gail Farley – also Representative for East CPC
- Secretary: Amy Heidt – also Chair for GNPS Conservation Committee
- Treasurer: Eamonn Leonard – also member of GNPS Conservation Committee
- Conservation: Karan Rawlins
- Membership and Communication: Paul Sumner
- Representative for North CPC: Greg Lewis
- Representative for West CPC: tbd
- Advisor: Ed McDowell

I would like to encourage other members to serve on the board in the future. New people bring new ideas and fresh commitment. *If you would like to become more involved in our chapter, contact Heather Brasell at [heather.brasell@gnps.org](mailto:heather.brasell@gnps.org).*
