

**North Metro Atlanta Chapter of  
Georgia Native Plant Society  
and Select Vendors**

- Cottage Garden Natives
- Night Song Native Plant Nursery

**2021 Fall Plant Sale**

**October 9, 2021**

**10 am to 2 pm**

**Old Rucker Farm Park**

**Alpharetta, GA**

**This is our first sale as a chapter.** It will not be as big as the sale that GNPS used to have in Marietta. Still, we do have hundreds of plants lined up for the sale. Some of the chapter plants will be available in quantity, some may be single items only and others may be surprises from member donations (some arriving only the day before).

This list represents only the plants being provided by the chapter and its members. The items listed here include only those for which we are planning to have 5 or more. These include some of the most dependable native perennials around, suitable for even beginning gardeners.

We encourage you to come see what unique and special items didn't make the list! Come early for best selection.

The two vendors will have different things and their items are not represented on this list.

**Trees/Shrubs/Vines**

<i>Asimina triloba</i>	pawpaw
<i>Callicarpa americana</i>	American beautyberry
<i>Ceanothus americanus</i>	NJ Tea
<i>Cephalanthus occidentalis</i>	buttonbush
<i>Cornus alternifolia</i>	alternatleaf dogwood
<i>Lonicera sempervirens</i>	coral honeysuckle
<i>Philadelphus inordinatus</i>	scentless mockorange

**Mockingbird Feeding on Beautyberry**  
The mockingbird (*Mimus polyglottos*) is Florida's state bird. This lucky mockingbird enjoys the purple fruit of the American beautyberry (*Callicarpa americana*).
