

Georgia Native Plant Society

EACH YEAR IS A TIME OF GROWTH.

Four seasons in which to study our natural habitats and the life within.

This is what inspires us, nurtures understanding and helps us grow.

We invite you to join us, share in the learning, and delight in the amazing world around us. It all begins with a single plant. A native plant. Learn why.

AS A GNPS MEMBER, YOUR BENEFITS INCLUDE:

- Learn from our monthly NativeSCAPE newsletter
- Register early for educational fieldtrips and workshops
- Participate in our signature Native Plant Rescue Program lead by expert facilitators
- Attend regular educational meetings at our chapter locations
- Learn to restore land from invasive vegetation in our Habitat Restoration Program
- Certify your yard as a Native Plant Habitat
- Receive discounts to our annual Native Plant Symposium
- Support research grants and scholarships for native plants
- Best of all, make new friends who want to:

GO WILD. GO NATIVE.
