The non-member organization and its members understand that GNPS will give its approval/ support only for projects that follow GNPS Habitat Restoration Manual protocols. Please read and check all boxes below:

Option 2

GNPS Liaison Signature

Date

Friday, February 4, 1955

Please note: We ask for the GNPS Liaison to sign off on this application in order to ensure GNPS protocols are agreed to and followed. If the GNPS Liaison is not the Project Manager, we will request an additional signature on this completed application from the Project Manager to acknowledge that they understand and agree with the project parameters. GNPS will initiate that signature process. We will also request the signature of the sponsoring organization. GNPS will initiate that signature process.

Click below to submit you application. A member of the GNPS Restoration Subcommittee will be in touch!
